REGISTER NOW

Description

This programme aims to provide understanding of the principles of coaching and mentoring, and the skills for planning, delivering a coaching or mentoring programme and for and evaluating own coaching or mentoring practice.

Institute of Women in Management - Building competencies for professionals. The Institute of Women in Management (IWM) is a professional education Institute registered under the Company's Act in Sri Lanka. IWIM organizes global certification training and offers exclusive local programs designed by Professionals that meet International Standards.

IWIM offers,

- National and International Certificate, Diploma, Degree and MBA Programs in Sri Lanka and Maldives.
- Conducted corporate workshops.
- National International Academic and Corporate Conferences

ISM Education is recognised by the UK Government's regulator OFQUAL as an awarding organisation to offer qualifications in Sales and Sales Management.Our qualifications combine the practice and principles of sales management to offer universal relevance, whatever sector, organisation or country you work in.

They are based on principles that set out the knowledge, skills, and behaviours expected of competent sales professionals. The programmes are designed to accomodate every potential salesperson along their career path from the earliest stages through to when they are at true exponents of their craft.

Learning Outcomes

- Understand the principles of coaching and mentoring
- Be able to plan a coaching or mentoring programme
- Be able to deliver a coaching or mentoring programme
- Be able to evaluate own coaching or mentoring practice
