- Create an online course on Klaspad system.

COURSE FEEDBACK

“Our instructors for the course were very well-versed in the topic and extremely credible. I enjoyed the flow of the course and felt the agenda was nicely structured and planned well. This is a great course especially during MCO as it provides participants to explore various free tools and platforms. I enjoyed the session as we were all able to interact and have the opportunity to digest the content appropriately“

Janani Manimaran, Malaysia

“The course is very productive, professionals from different backgrounds can get benefit from this course. This course covers maximum points to make online training / meetings more productive / result oriented“

Akhter Shaikh, United Kingdom

“I had the opportunity to participate in a “ Be a Professional Online Trainer Course” of Klaspad, that is designed to enhance the knowledge and skills of teachers and trainers. As a senior lecturer of a state-owned higher education institute in Sri Lanka, I found the three-day programme very informative and useful to develop my skills in online teaching“

Kalaipriya Kalaieesan, Sri Lanka

“It was very informative, very interactive, & very productive. I liked the training methodology, it convinced me online training can be great fun.“

Atif Abdelrahman Mohamed Alhaj, Sudan

“I found the KLASPAD Online TOT extremely useful and helpful. The KLASPAD Resource personnel (Trainers), were very competent in their respective areas, and covered the respective Training Topics thoroughly and comprehensively. They also shared with us Online Techniques and the use of Various different TOOLS and PLATFORMS for effective Online Training.“

Moses Teh Ming Tong, Malaysia
